

# Learning Project - ResumeFit: Streamlining Job Applications with AI

## Description

Embark on a pioneering journey to develop ResumeFit, an innovative application designed to bridge the gap between job seekers and their desired job postings. Utilizing the power of GPT for natural language processing, this project aims to analyze and compare resumes with job postings to identify skill gaps and areas for improvement.

## Level

- Easy to Intermediate

## Type of Project

- Generative AI
- Web Application OR Custom GPT

## Skills Needed

- Python
- OpenAI API
- Prompt Engineering

## Ressources
