

Learning Project: US Consumption habits

Description

You are working as a Research Analyst at a renowned consultancy. You would like to learn about Consumption in the US and how it evolves with Income, Inflation and the Population since 1929. Your conclusions will determine the scope of establishing projects in the US.

Level

- Easy to Medium

Type of Project

- Exploratory Data Analysis
- Hypothesis Testing
- Machine Learning

Skills Needed

- Python
- Statistics
- Data visualization

Ressources

- Guided notebook: [🔗 Analyze US consumption Habits.ipynb](#)
- Data : [📄 US ConsumptionData](#)

Please note that the details of this project are not intended to be shared either inside or outside the Lonely Octopus platform, except with the individuals similarly working on the project.
